

# Consultation Fees

At Ignite Integrative Medicine, we offer both in-clinic (Face-to-Face) and Telehealth consultations with the usual consultation fees apply for both (please refer to the table below).

For Telehealth consults, in order to be eligible for the Medicare rebate you **MUST** have seen our medical practitioner **face-to-face** in the **last 12 months**. If you do not meet this for Telehealth, you may incur the full fee with no Medicare rebate applicable.

As we are committed to high quality medical care, your Medicare rebate covers only part of the costs of providing this care. For this reason, we charge a gap fee for each consultation. Thank you for understanding.
